Paradine offering

Paradine is official cooperation partner of eCl@ss e.V. and supports companies implementing eCl@ss.

We support you in the selection and introduction of eCl@ss in your organization!

In the course of implementing eCl@ss in an company a lot of issues and questions have to be clarified:

- Implementation strategy
- Classification process
- Description structure
- Data cleansing
- Interface to IT-Systems
- Training
- User support

Paradine provides professional consulting, software solutions and data services to support the implementation of eCl@ss in your organization.

Paradine's scope of services:

- Advice, design and support
- Process consulting
- Software solutions for enterprise-wide classification of products and services
- Implementation and customization of system interfaces
- Enterprise-wide Master Data Management
- Integration of application systems (ERP, PDM, PLM, CAx systems)
- Support in classification and consolidation of existing range of parts
- Support of electronic catalogs
- Operating and maintenance of classification systems

Reference Project:

AT&S contracted Paradine to support the implementation of eCl@ss for spare parts management. eCl@ss was implemented within the SPICE project (Spare Parts Inventory and Cost Enhancement). Deployment happened in German, English and Chinese language in the production plants in Europe, India and China.

The project returned the following results:

Before	After
32.000 spare parts	18.000 spare parts - 43% spare parts
7 million EUR capital lock up for spare parts	5,6 million EUR capital lock up for spare parts - 20% capital lock up
About 1500 suppliers	< 800 suppliers - 47% suppliers
Inventory turnover of spare parts 1,2 per per year	Inventory turnover of spare parts over 3 per year + 250% inventory turnover
Return on Investment under 7 months!
